

PSAS'2014: International Conference on
Precision Physics of Simple Atomic Systems
- 3rd announcement (Jan, 21th, 2014) -
- contribution template, hotels & other -

Dear Colleagues,

Time is approaching for our PSAS'2014 meeting in Rio, from May, 25-30, 2014. Rio is a wonderful city, it has been included as a major destination in most touristic books, and it has been preparing both to the Soccer World Cup (June, 2014) and the Olympic Games in 2016.

Hotels: As a good surprise, the number of new hotels that opened up balanced the natural tendency for price increase and we are happy to notice that there are many new hotels with affordable rates. Please visit our webpage for suggestions but most times one can find good deals in the internet.

Contributing Papers: We have included in the PSAS'2014 webpage a template for contributing papers. Please, do send us your contributions via e-mail (to: savely.karshenboim@mpq.mpg.de , claudio.cesar@cern.ch) specifying whether it is intended for oral and/or poster presentation.

Travel: Please let us know if you need a letter of acceptance/invitation for VISA processing.

For more information please contact us or visit our website
<http://www.if.ufrj.br/~lenz/PSAS2014/PSAS2014.html>.

Please note that the conference will happen just 2 weeks prior to the Soccer World Cup. Early planning is therefore advised.

On behalf of the organizing Committee,

Savely Karshenboim / Claudio Lenz Cesar / Humberto Brandi / Paulo Maia-Neto
